# *The Hospitality House at McLaren*

*At McLaren, addressing the needs of patients goes well beyond providing the latest technology and treatment. It also focuses on providing support and resources to address the emotional, spiritual and extended physical needs of patients and their caregivers. That focus is the catalyst behind the Hospitality House at McLaren.*

*The \$8 million Hospitality House provides a low-cost "home away from home" for patients who are undergoing procedures and services at McLaren Flint and will specifically serve patients at McLaren's Proton Therapy Center upon its opening. Since insurance does not cover the cost of housing for patients, having an affordable and accommodating place to stay close to their treatment location is critical in meeting the extended needs of these patients and their families.*

*We ask you to join with us in this unique opportunity to provide a world-class patient experience to complement the world-class technology provided through proton beam therapy and other services at McLaren Flint.*

The 23rd McLaren Golf Classic will be held on  
Monday, August 11, 2014 at two of the  
Flint area's prestigious golf courses,  
Warwick Hills Golf and Country Club and The Flint Golf Club

*Don't miss this opportunity to enjoy this day of golf  
and camaraderie while supporting a  
unique need in our community.*

# Sponsorships
