
 The Summary of Benefits and Coverage (SBC) document will help you choose a health [plan](#). The SBC shows you how you and the [plan](#) would share the cost for covered health care services. NOTE: Information about the cost of this [plan](#) (called the [premium](#)) will be provided separately. This is only a summary. For more information about your coverage, or to get a copy of the complete terms of coverage, [insert contact information]. For general definitions of common terms, such as [allowed amount](#), [balance billing](#), [coinsurance](#), [copayment](#), [deductible](#), [provider](#), or other underlined terms see the Glossary. Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$6,000/individual or \$12,000/family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the policy, the overall family deductible must be met before the plan begins to pay.
Are there services covered before you meet your deductible ?	Yes	This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers certain preventive services without cot-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ .
Are there other deductibles for specific services?	No	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$7,350/individual or \$14,700/family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Premiums, balance-billing charges and health care this plan doesn't cover.	Even though you pay these expenses they don't count toward the out-of-pocket limit .
Will you pay less if you use a network provider ?	Yes. See McLarenHealthPlan.org or call 1-800-0671 for a list of network providers .	You pay the least if you use a Rewards Participating Provider . You pay more if you use a Participating Provider in the standard network. You will pay the most if you use a non-Participating Provider , and you might receive a bill from a Provider for the difference between the Provider's charge and what you plan pays (balance billing). Be aware your Participating Provider might use a non-Participating Provider for some services (such as lab work). Check with your provider before you get services.
Do you need a referral to see a specialist ?	No.	You can see the specialist you choose without a referral . Note, however, that some services require plan Preauthorization in order to be covered.
