| Important Questions | Answers | Why This Matters: |
|---|---|---|
| What is the overall deductible ? | \$1,400 individual or \$2,800/family | Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible . |
| Are there services covered before you meet your deductible ? | Yes | This plan covers some items and services even if you haven't yet met the deductible amount. But a copayment or coinsurance may apply. For example, this plan covers prescription drugs and certain preventive services without cost-sharing and before you meet your deductible . See a list of covered preventive services at https://www.healthcare.gov/coverage/preventive-care-benefits/ . |
| Are there other deductibles for specific services? | Prescription drugs - \$0 individual or \$0 family | You must pay all of the costs for these services up to the specific deductible amount before this plan begins to pay for these services. |
| What is the out-of-pocket limit for this plan ? | \$5,000/individual or \$10,000/family | The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out of-pocket limit has been met. |
| What is not included in the out-of-pocket limit ? | Premiums, balance-billing charges and health care this plan doesn't cover. | Even though you pay these expenses they don't count toward the out-of-pocket limit . |
| Will you pay less if you use a network provider ? | Yes. See McLarenHealthPlan.org or call 1-800-0671 for a list of network providers . | This plan uses a provider network. You will pay less if you use a provider in the plan's network (a " Participating Provider "). You will pay the most if you use a non-Participating Provider , and you might receive a bill from a provider for the difference between the Provider's charge and what your plan pays (balance billing). Be aware your Participating Provider might use a non-Participating Provider for some services (such as lab work). Check with your provider before you get services. |
| Do you need a referral to see a specialist ? | No. | You can see the specialist you choose without a referral . Note, however, that some services require plan Preauthorization in order to be covered. |

[* For more information about limitations and exceptions, see the plan or policy document at McLarenHealthPlan.org.]

 All copayment and coinsurance costs shown in this chart are after your deductible has been met, if a deductible applies.
