**Let us help
get your
patients ready
for home...**

McLaren Lapeer Region's Transitional Care Unit is a link between hospital and home, an added level of care available within the hospital.

Do you have a patient who is not ready to be discharged home, or has been discharged home in the last 30 days and requires more care than is available? Help your patient make a smooth transition after a hospital stay. The Transitional Care Unit at McLaren Lapeer Region:

- ✓ Is a Medicare and Medicaid-certified skilled nursing facility
- ✓ Provides hospital-based care and specialty services
- ✓ Offers critical and laboratory access
- ✓ Helps reduce hospital readmission rates
