*Join Us and Discover
How You Can Make a Difference
in the Communities We Serve!*

The McLaren Oakland Foundation Board of Trustees, supporters and friends invite you to join us in our efforts to give back to the communities in which we live and serve.

Our charity events have raised much needed funding for the following programs:

- McLaren Oakland Children's Clinic: The Children's Clinic provides health care services for nearly 2,000 patient visits each year to uninsured and underinsured children free of charge.
- Sister & Sister Free Mammogram Program: The McLaren Oakland Foundation's Sister & Sister Free Mammogram Program provides nearly 1,000 free screening and diagnostic mammograms, each year to uninsured & under insured women.
- OsteoCHAMP Scholarships: The Foundation commits \$10,000 each year to provide disadvantaged Pontiac High School students with scholarships for Michigan State University's OsteoCHAMP Program, a two-week intensive residential summer program to encourage, prepare and foster the health career interests of high school students.
- McLaren Oakland Scholars Program: The McLaren Oakland Scholars Program provides in-class tutors, mentoring, career days and other programs to ensure that Pontiac students are academically prepared to take advantage of the free college tuition offered by the Pontiac Promise Zone.
- State-of-the-art Facilities, Technology and Equipment: The Foundation has purchased a state-of-the-art digital mammography system for the Sister & Sister Free Mammogram program and provided facility improvements to the Emergency Department and nursing units.

The McLaren Oakland Foundation continues to demonstrate an established tradition of giving and sharing to enhance the quality of life and wellness for all. On behalf of those who will benefit from your kindness, we thank you in advance for your commitment and support.
