MCLAREN HEALTH CARE
FY2018 AVERAGE CHARGE BY DRG BY FACILITY
TIMEFRAME: 10/01/17 - 09/30/18

AVERAGE TOTAL CHARGE PER DRG										
DRG	Bay	Central	Flint	Karmanos	Lansing	Lapeer	Macomb	Northern	Oakland	Port Huron

NOTES: DRGs for services not performed at any McLaren facility are excluded. For all represented DRGs, blank data cells indicate that no cases for that particular DRG were performed during the timeframe of the data set. The timeframe for the data set is 10/01/17 - 09/30/18. As with all hospitals in the US, there is no standard charge for each DRG. The care we deliver to our patients is based on their individual needs with no two patients are being alike. The charges associated with an individual DRG are specific to that individual patient and the amount and type of care they require.
