Quest Laboratory Orders and Results

Effective April 1st, 2019 –Lansing Clinics that do business with Quest Laboratory will be able to electronically place Orders in Cerner System and Receive Results back from Quest.

- Quest orders in Cerner are distinguished from other lab orders by having "Q" as a prefix.

<input checked="" type="checkbox"/>	Q UREA NITROGEN (BUN) (Q)	Ordered	Blood, Routine, 07/31/18 10:53:00 EDT, Once, Hard Stop, Quest Diagnostics, Cough Frequent UTI
<input checked="" type="checkbox"/>	Q ACETAMINOPHEN, URINE	Ordered	Urine, Routine, 07/31/18 10:43:00 EDT, Once Hard Stop, Cough Frequent UTI, Quest Diagnostics

- The Quest Lab orders will not be updated from the Quest system.
- There is a special Quest Order Requisition Format with a barcode, that will need to be printed for each order and sent with the patient to the Quest Lab or with the Specimen if it was collected on site.
- Quest Lab Orders, like all other Cerner orders can be saved to provider favorites.
- Quest results that are received in Cerner are viewable under the Laboratory Tab and in Provider Message Center in PowerChart.

The screenshot displays the Cerner PowerChart interface. On the left is the 'Message Center' sidebar with 'Inbox Summary' and 'Results (15/26)' selected. The main window shows a list of laboratory orders and results for patient 'QUESTTEST, TCTHREE'. The table below is a representation of the data shown in the screenshot.
