New Rad Tech/MA Position Created in Powerchart

6/27/2019

This will be completed 6/27/2019.

Audience: Any users that perform both MA and Rad Tech duties in an ambulatory clinic setting.

Purpose: A new position was created in Powerchart for those users who are certified Rad Techs, but also function in the MA role. The position allows for RadNet functions, but also has the same capabilities as the Ambulatory MA position.

Impact: Any RadNet capability that was on the Ambulatory MA position was removed. Employees in the Rad Tech/MA role were moved to the new position.
