

External Prescription History - Import Function 6/8/18

The External Rx History Import option can be a useful tool to:

- Compare the External Rx History to the Documented Medication by Hx
- Identify medications which ***might*** need to be ***added manually*** to the current Documented Medication by Hx

External Rx History

Display: Last 6 Months Show Individual Instances Disclaimer

This Rx history contains prescription records provided by community pharmacies and pharmacy benefits managers (PBM's). Such Rx history may be incomplete and prescriber should not rely solely on this Rx history data to make any clinical decisions. It is the responsibility of the prescriber to validate and verify the information directly with the patient or via other appropriate means.
