Total 52 weeks

Notes

X:Y Schedule is depicted in 2-4 week blocks.

Thus, the total number of Blocks are 17 per year = 52 weeks.

2 week Blocks are bolded

Vacation Policy: Residents are allotted twenty paid weekdays off per academic year. Residents may not have scheduled vacations during IMTS ICU or Night Float. Urgent matters or emergency situations will be the exception per approval from the program director.

Outpatient: Some IEE will be outpatient in whole or part, thus adding to the ambulatory experience.

Elective rotations: include Cardiology, Nephrology, Pulmonology, Infectious Disease, Neurology, Hematology/Oncology, Rheumatology, Gastroenterology, Endocrinology.

IEE: will be adjusted based on the resident's progression in program and subspecialty interest.

Away Elective: One Elective rotation in 3 years may be taken outside McLaren HealthCare system (must be approved by the Program Administration.)
