## **Memorial Nursing Scholarship**

**The McLaren Flint Foundation**  
**Established by the Rachor Family Foundation, Ltd**

Linda Krueger was inspired by her grandmother and aunt working in the nursing field. She loved that they always put patients first in their care. She began in nursing as an LPN in Bay City at what is now McLaren Bay Area. After getting married, Linda pursued her RN where she was named student nurse of the year. In 1982, she graduated and began working at McLaren Flint in the Oncology Department. Soon she pursued a position in the Home Care private duty arm for McLaren. She eventually became the Director of the program which was renamed McLaren Care Plus. In addition to her role as an RN, she has been a community activist with assisting unserved families with access to health care job opportunities. She worked hard to expose young people to opportunities in health care. Through her efforts, she was designated as the “Woman of the Year” and an Athena Award recipient. She continued to do home care cases late in life. She said she is “Thankful and humbled to be of service in someone’s time of need.” Linda has been described by her friends and colleagues as an extremely dedicated worker and volunteer. Her most recent role has been as the President of the McLaren Flint Auxiliary. She stepped in as president when the existing president became ill. Even with a health battle of her own, she insisted on attending meetings, making decisions and most importantly, being a leader and exceptional example amongst family, friends and fellow volunteers. She worked in many capacities to support staff and patients every day.
