

MEET McLAREN

HOSPITALIST GROUP

ABOUT OUR PROGRAM

- Our providers deliver extraordinary care by treating your patients with kindness, patience, and respect.
- Dedicated professionally trained clinical staff available to patients post discharge to answer their questions, promote compliance with discharge instructions, and help reduce risk of readmission.
- Providers participate and lead multidisciplinary rounds to improve communication to your hospitalized patient.
- Providers facilitate the One Call admission process to streamline admissions and transfers.

Julie Savage, MSN, MA, BSN
Executive Director of Hospitalist Group

Our team embraces the skills and knowledge necessary to enhance quality outcomes by sharing evidence based solutions to patients. If your patients have any questions about their discharge instructions once they get home, we are available to answer them. This will help reduce any unnecessary readmission and improve communication to your patient.
