LUNG CANCER SCREENING WITH LDCT NOT CURRENTLY RECOMMENDED

DISCUSS RISKS & BENEFITS OF LUNG CANCER SCREENING WITH LDCT

Conduct a counseling and shared decision making visit with the patient to discuss smoking cessation and procedure details:

- Z87.891** for former smokers
- F17.21_** for current smokers (F17.210, F17.211, F17.213, F17.218, F17.219)
- G0296** - counseling and shared decision making visit

With patient agreement, refer to testing following this visit.

DISCUSS RISK OF POTENTIAL COMPLICATIONS FROM CONTINUED SMOKING

Encourage smoking cessation with assistance from services like the Michigan Tobacco Quitlink and refer to appropriate diagnostic testing as necessary.
