Clinical Integration Payment 2 for 2020

McLaren Physician Partners (MPP) is pleased to announce the release of the MPP Clinical Integration Payment 2 of 2 for 2020. This payment is based on physician performance on quality measures and value-based payments received from August 2020 to January 2021. **In response to the financial difficulties our providers endured in 2020 due to COVID-19, MPP has waived the 10 point requirement on the Quality Metric Composite measure to be eligible for a payment and all PCPs scoring 55 points or greater are eligible for a CI distribution.**

The total distribution amount is \$8,407,000. We are extremely proud to report that this is our largest distribution in the history of our CI program. As we transition to value-based payments our top performing physicians have received the following in this distribution:

Summary of MPP 2020 Payment #2			
	High	Low	Median
<i>PCP</i>	\$44,086	\$107	\$14,771
<i>SPC</i>	\$9,419	\$102	\$1,838
<i>PA/NP</i>	\$6,341	\$108	\$700

MPP would especially like to recognize our highest performing physicians based on our MPP Top Ten Quality Composite score in the following regions:
