

Do YOU have a McLaren Northern Michigan GUARDIAN ANGEL?

"I do my very best to take care of every patient but it feels very good when a patient recognizes and acknowledges that effort. I will wear my Guardian Angel pin with pride!"

**James Doull, MD
Gastroenterologist**

A Special Way to Say "Thank You"

During times of illness or injury, we all are dependent upon others to meet our needs, to calm our fears, or to heal our physical, spiritual, and emotional selves. Sometimes, one person stands out for anticipating those needs and being of special service. Finding the right way to honor that person can be difficult. After all, how do you thank a **Guardian Angel**?

McLaren Northern Michigan Foundation created the **Guardian Angel** Program in 2011, giving our grateful patients and their loved ones a special way to share their gratitude and honor someone who made a remarkable difference during their care.

The following have been recognized with a **Guardian Angel** Award. We wish to thank them for delivering outstanding care to our patients and congratulate each and every one of them for receiving a gift in their honor through the McLaren Northern Michigan Foundation.
