

Marwood Nursing & Rehab Emergency Preparedness Fact Sheet

Marwood Nursing & Rehab has a written Emergency Preparedness Plan that is reviewed and tested at least annually.

The plan addresses a variety of potential hazards or emergencies.

The plan is comprised of the following sections:

- a) Emergency Preparedness Plan
- b) Emergency Policies & Procedures
- c) Emergency Communication Plan
- d) Evacuation Plan
- e) Incident Command System
- f) Continuity of Operation
- g) Emergency Collaboration
- h) Training & Testing

The facility has **Emergency Preparedness Flip Charts** located in all resident dining rooms for residents, visitors and staff to review. The flip charts contain basic information on how the facility responds to a variety of hazards and emergencies.

The facility also has **Emergency Exit Maps** located throughout the building. The maps show the location of fire pull stations, fire extinguishers, safe areas in case of severe weather and emergency egress routes.

In the event of an emergency, families and visitors should visit Marwood's website via **mclaren.org/marwood** and click on the red banner called Emergency Preparedness for information.
