

Did you know?

St. Luke's Hospital is:

- An Independent Hospital
- **Accredited by DNV-GL Health Care.** DNV uses the NIAHO and ISO standards as their survey structure (yearly survey visit).
- Chest Pain Center Accredited
- Primary Stroke Center Accredited
- Pulmonary and Cardiac Rehabilitation Accredited
- Hyperbaric Accredited

Our **Heart Center** cares for a variety of patient services: (IVS – first floor – CVU/ CVOR –second floor)

- Low / High -risk cardiac cath patients
- Open Heart Services
- Cardio Vascular and Thoracic Surgery and device placement
- Electrophysiology Lab and Hybrid OR coming in late 2018

Our **Emergency Department:** (first floor)

- Sees a broad range of patients each year; around 39,000 visits per year
- Main ED has 24 beds and 2 Triage Holding beds; Emergency Express has 7 beds and is open from 11a-11:30p. This area is separately staffed by either a Physician or Allied Health Professional and an RN.
- We are not a trauma center; traumatic injuries are stabilized and transferred to an appropriate facility.
- Offers point of care testing: ABGs, Troponin, blood glucose, occult blood and urine pregnancy
- We use the telestroke network / remote camera to assist with the care of the stroke patient.
- Interventional neuro patients are transferred for procedures. After July of 2018, Neuro Intervention will be completed in Special Procedures.
- Board Certified Attending Emergency Physicians 24/7; Physicians, Physician Assistants and Nurse Practitioners also provide care

Our **Surgical Services** consists of: (first floor)

- Full suite of surgical services
- 24/7 care provided as needed
- Capable of Xi-da Vinci robotic surgical care
- Navigational cases – sinus surgeries
- Increased volume of neuro surgical cases
- Total Joint Replacements
- Craniotomies- scheduled procedures

Our **Intensive Care Services:** (second floor)

- 14 Level One ICU beds available for Medical and Surgical patients (ICCB- Back)
- 12 ICC Level Two Beds (ICCF Front)
- 15 ICC Level Two Beds on ICCN with an emphasis on neuro care (ICCN North)

Our **Family Birthing Center:** (third floor)

- Approximately 850 deliveries per year
- Level 1 Nursery designation; any abnormal or complex care case will transfer to a Level 3 facility in the local area.
- Family Friendly environment

Our **Medical – Surgical Care** Areas: (second and third floor)

- 3 medical or surgical units: 2E, 3E and 3W
- 2 East - primarily medical unit; dialysis, care of developmentally disabled patients
- 3 East - primarily medical unit with some GYN, ENT and general surgery patients
- 3 West - primarily surgical patients with mix of orthopedic and neuro surgeries

Our **Ancillary Services** include: (first floor and basement)

- Full suite of ancillary diagnostic services available on site
- Off – sites for Lab, Physical Therapy and Radiology
- Pain Clinic
- Diabetes Care Center / Wound Care Center / Hyperbaric Oxygen Treatment
