## POWERCHART RESULTS REVIEW/LAB-EXTENDED TAB

Additional flowsheet options have been added to the **Lab-Extended** tab of **Results Review**.

1. Select **Results Review** from the Menu Bar.

2. Select the **Lab-Extended** tab *(this tab is set to retrieve 7 months of data and may take longer to display)*.

3. Select the down arrow in the **Flowsheet** field to view available choices.
   a. The **Flowsheet** option allows additional filtering to be applied to the Results Review component, so only relevant results display.

4. Once a view is selected from the **Flowsheet** field, the corresponding result values display within **Results Review**.
