Updating your Favorite Surgical Power Plans

1. When the prompt appears that says "Plan Favorite Notification", select 'CONTINUE'

≻Do NOT press "Load Standard Plan."

≻ Selecting "CONTINUE" will incorporate the user's favorites, along with the updates made in the system.

2. Then, press "SAVE AS MY FAVORITE"

3. Choose **"Yes"** to save your favorite orders along with the updates to the powerplan.

≻When a change is made to the catalog plan that has been used to create a favorite plan "Plan Favorite Notification" will appear. The following message is displayed: **Resave your favorite plan to no longer receive this notification.**

 \succ If you click **Continue**, the saved *PowerPlan* is displayed, and the changes made are in this plan. To stop receiving this message when the plan is ordered, resave to your favorites.

> If you click **Load Standard Catalog Plan**, the updated catalog plan is displayed, you can customize as needed, and save it to your favorites.

➤ When resaving a plan favorite, if you rename the plan with the same name as the favorite you are replacing, it overwrites the old saved *PowerPlan*. This keeps the *PowerPlan* in the favorites folder up to date
