

How to add COVID-19 Patient Education

- Click “Patient Education”

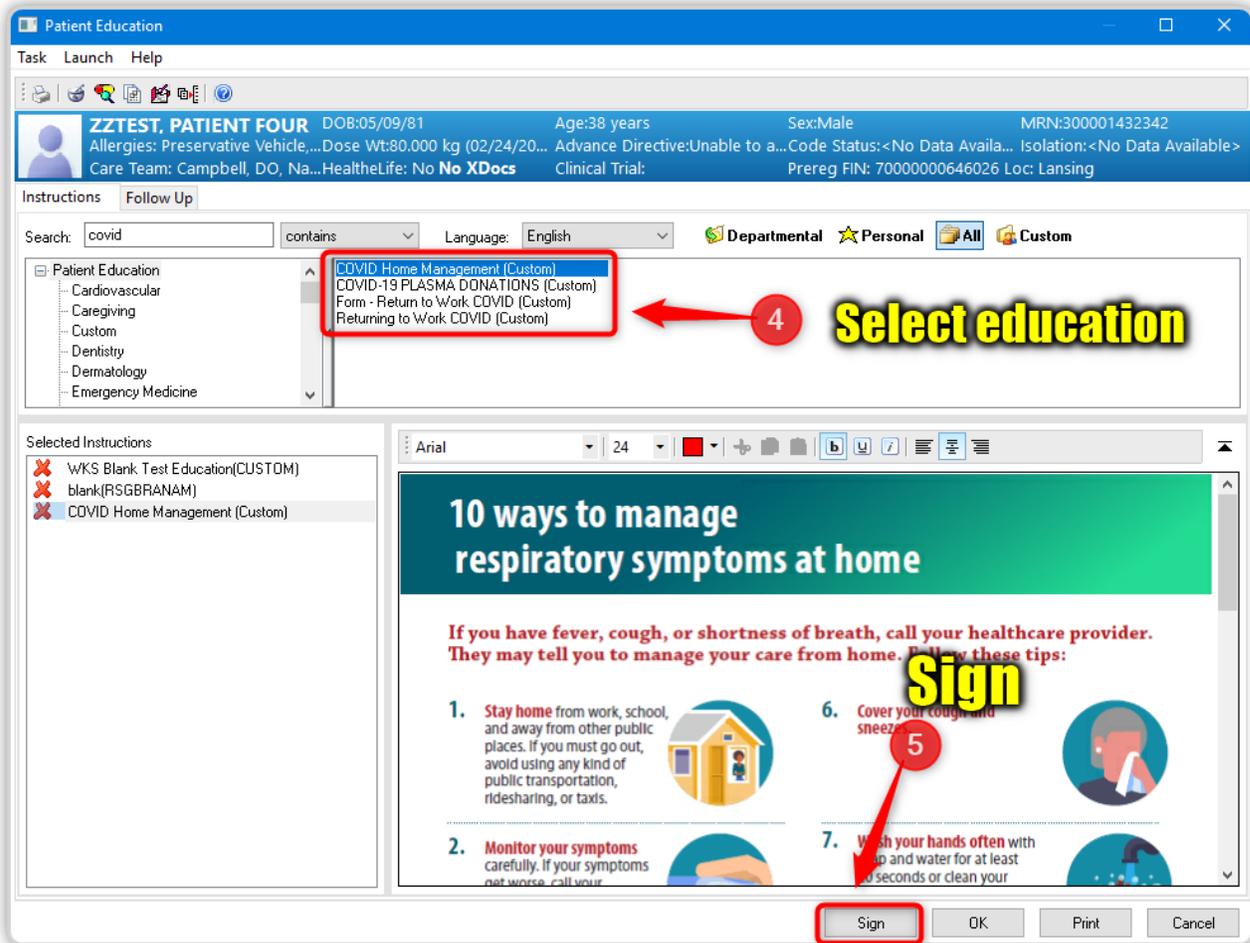

- Type COVID in the “Search” field
- To see all choices, change “starts with” field to “contains”

How to add COVID-19 Patient Education cont...

- Select the desired education, then Sign

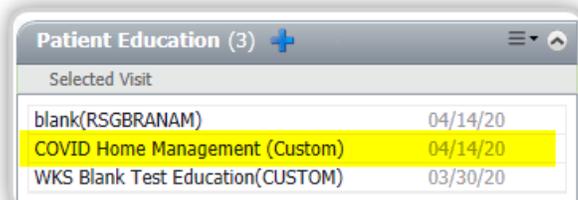

The screenshot shows the 'Patient Education' window for patient ZZTEST, PATIENT FOUR. The search criteria are 'covid' and 'contains'. The 'COVID Home Management (Custom)' option is selected in the list. A red box highlights this option with a red arrow and the number '4' and the text 'Select education'. Below the list, the 'Selected Instructions' section shows 'COVID Home Management (Custom)' with a red 'X' icon. The main content area displays a patient education document titled '10 ways to manage respiratory symptoms at home'. A red box highlights the 'Sign' button at the bottom of the document with a red arrow and the number '5' and the text 'Sign'.

- The new education is now added to the patient chart.
