December 7, 2020

## Health Maintenance - Colonoscopy

To help meet the Health Maintenance Colon Cancer Screening expectation, we have made some changes to how the Colonoscopy report is mapped. Colonoscopy report will now be mapped to a folder titled Colonoscopy under folder titled Gastroenterology Procedures.

There will be no workflow changes for McLaren Greater Lansing. The Colonoscopy report will continue to interface via Pentax.

If you are DICTATING your Colonoscopy report in transcription (and not just into Pentax as in Lansing) please use <u>new work type</u> number 9.

DOING WHAT'S BEST.

## CERNER FLASH

## When completing the Colonoscopy Report via Documentation please select Colonoscopy.
