

MAT GABERTY HEART CENTER

The Mat Gaberty Heart Center at McLaren Macomb has a rapid response plan for patients with chest pain or a suspected heart attack. It all starts in the ambulance, where emergency responders begin transmitting the patient's EKG readings to the Heart Center's catheterization lab. When the patient arrives, they go directly to the catheterization lab for continued diagnosis or lifesaving treatment. The Mat Gaberty Heart Center consistently exceeds the national standard for "door-to-balloon time" - a measure of how quickly cardiac treatment is administered when a patient first comes to the hospital with heart attack symptoms. The facility is a fully accredited Chest Pain Center by the Society of Cardiovascular Patient Care, meeting the highest standards for patient assessment, diagnosis and treatment.

MAT GABERTY GOLF CLASSIC - Our Legacy

Mat Gaberty and his dedicated friends and supporters worked hard to bring the very best cardiac care to Macomb County. In 1981, He and his friends formed the Mat Gaberty Heart Fund Committee and began raising funds for Mount Clemens General Hospital, now McLaren Macomb. Until his passing in 2012, Mat Gaberty and his Heart Fund Committee held successful fundraising events for the benefit of the hospital. The Mat Gaberty Golf Classic, the premier golf event of the season, continues today to raise funds for the Heart Center that bears his name.
