Note:

McLaren Health Care IRB (MHC IRB) charges for the review of research studies supported by pharmaceutical companies and other for-profit entities.

Investigators submitting industry-sponsored research protocols are required to include in the study budget, the cost of initial protocol review, continuing review, and sponsor initiated full-board amendments requiring MHC IRB review.

IRB operations are specialized and rigorously regulated. Fees are based on the assessment of costs associated with review of protocol. All IRB fees are non-refundable fees. The charges apply regardless of whether the project is IRB-approved. Fee payment are expected to be paid in full within 30 days of invoice.
